

# First...

We collect "mobility devices" (md's), crutches, canes, walkers and wheelchairs wherever they are in surplus.

Every  
pair  
counts!

We receive them from individuals, collections at schools, churches, fire houses, nursing homes, manufacturers, etc.

MOBILITY  
HEALTH  
DIGNITY  
ACCESS

We toil together to enable those we may never see. Hobbled in life by some illness, accident or act of violence. Many are hopeless. The generous donations given to Crutches 4 Africa are the tools we use to help raise the hindered, to lift them from the dust, and help them on their way.
